

Beauty Therapy is a major industry and there are numerous salons offering a variety of treatments.

Whatever your needs, consult with a trained beauty therapist for professional help and advice. With the right treatment, you will not only look your best but your confidence will also improve, allowing you to shine from the inside out.

A Beauty Therapist is qualified to carry out a wide range of treatments. A Beauty Therapist is in fact a Beautician and Body Therapist all in one. The therapist treats their clients' needs in a caring professional manner.

Treatments are designed to help improve facial, body and nail conditions. All forms of treatments promote a feeling of well-being to the client.
