

Barnardo's

Community Project

We are Barnardo's ETS North, and we are a vocational training provider based in North Shields. We have several learners who are completing Painting and Decorating qualifications and need some 'real life' experience of being out on site and working.

We are looking to carry out any type of Painting & Decorating work as part of a project to enhance the learning experience of our students and give them that valuable work experience.

If you are interested and would like to know more, please contact our Community Projects Supervisor Marc Lee.
